NYMPH lamp

The NYMPH lamp is the beauty of nature in a processed form. The sophisticated simplicity surprises with pleasant associations. NYMPH becomes the protagonist of any interior it adorns and illuminates. "The shapes of the Nymph lamps are a consequence of my fantasies about biological forms. I wanted to create a very organic feel to the whole interior with just one spectacular piece of luminous object."

Project: Cyryl Zakrzewski (2015-2020)

Materials: birch plywood or panguaneta® poplar plywood
