LOCO PREMIUM wall-mounted bookcase

Wall rack, compatible with other system components, in the premium version – with sliding doors, made of stainless steel, which allow for any display or hiding of items, depending on the needs. LOCOSYSTEM premium are noble materials: thicker than in the basic version, shelves with massive oak veneers fit well with the black, melaminated plate used for the vertical elements of the rack. LOCOSYSTEM premium is an excellent solution for an office or library of even the most demanding users.

Materials: birch plywood

Finish: Lacquer or oil

The finish, veneer, legs, and dimensions can be adjusted to meet your needs.
