CALDERA table		74/ 120-160/ 12-160 cm

CALDERA table

While designing the Caldera table I wanted to create an object combining organic elements with a simple shape, explosive energy of a natural phenomenon with the serenity of its aftermath.

Project: Cyryl Zakrzewski (2019)

Materials: birch plywood or panguaneta® poplar plywood

Finish: crystal clear epoxy resin, Lacquer or oil
each piece is sculpted by hand and carefully finished.

Materials, finish and dimensions can be different and adjusted upon request.
